

Achievement Award

Tyler Karpowicz

YOU'RE BEING RECOGNIZED FOR:

Innovation

Congratulations on
your achievement! |

You earned this because:

Congrats on a great Spring co-op! Tyler was one of our most hardworking interns. When tasked, Tyler would fully immerse himself in the task by carefully listening to the goal of the task, ask clarifying questions, take meticulous notes of the task, documenting what he could and then finishing the task. One of his tasks was to teach our group a new skill after he had attended a Raytheon training presentation. He was able to take this new tool, apply it to the work he was currently doing, fully test and document the tool, and then make a full 1 hour presentation to about 30 BBNers. This task epitomized Tyler's work ethic and impressed many BBNers. He's got great potential!
